

ENVOY

LUXURIOUS • PRACTICAL • AFFORDABLE

Every aircraft designer longs to create a truly great airplane. Some design for elegance, but find they must sacrifice cabin size. Others design for roominess, only to sacrifice speed. Many designers strive for a faster plane, but lose simplicity. And those who design for simplicity often lack elegance. The answer is ENVOY. A perfect blend of elegance, roominess, speed and simplicity. This TurboProp aircraft meets the many needs of demanding pilots, all at a reasonable price.
